

ASSET TRACK

Asset Track is a computerized system designed to track and manage assets. Software, hand-held computers and bar codes are used to track the receiving, storing, and transfer of any type of items. Asset Track provides information on asset quantities and the location of assets within the building. Asset Track eliminates manual paper tracking processes, while improving accuracy and productivity.

ASSET TRACK MANAGES:

- ▶ Computers and Related Equipment
- ▶ Machinery
- ▶ Furniture
- ▶ Equipment
- ▶ Vehicles
- ▶ And More!

FEATURES:

- ▶ Tracks last maintenance performed on assets.
- ▶ Tracks all assets in stock for ease in reordering.
- ▶ Provides instant information on asset location.
- ▶ Provides a variety of reports listing all information about individual asset transactions.
- ▶ Provides a user-friendly application making it easy to add and search for records.
- ▶ Provides security passwords, allowing only authorized personnel access to the database.
- ▶ Provides the ability to sort data by key fields such as type of asset, asset number or asset location.

BENEFITS:

- ▶ Increases the accuracy of asset inventory, eliminating the expense of replacing missing items.
- ▶ Provides the ability to track assets regardless of location, giving you the flexibility to move items around and minimize costs.
- ▶ Provides a method for establishing and tracking asset quantities to help manage items more efficiently.
- ▶ Increases employee accountability and prevents lost assets.

THE ASSET TRACK PACKAGE INCLUDES:

- ▶ (1) single-user software license
- ▶ (1) hand-held computer with cradle
- ▶ (50) pre-printed bar code labels
- ▶ (1) year of software support
- ▶ (1) year of hardware support
- ▶ (2) hours of web-based training

DEVICES:

Intermec CN2

This Pocket PC offers the functionality of Windows in a small, lightweight computer. The CN2B is designed to survive heat, humidity, and multiple drops to concrete or steel. It features an integrated linear imager and

802.11b wireless capabilities.

Size: 5.8" x 3.4" x 1.4"

Weight: 11.9 oz.

CR1200

Simple, fast and affordable, Code Reader 1200 (CR1200) is the industry's next generation bar code reader, providing the power of digital imaging technology at the lowest cost. Built for cabled 'point and shoot' omnidirectional applications,

CR1200 is Code's low-cost addition to its high performance line of bar code readers.

Size: 7" x 4.5" x 2.5"

Weight: 6.4 oz
