

July 11, 2005

**Subject: Inspection Manager
End of Life Announcement**

TISCOR announces the end of life for all DOS and 16-bit versions of **Inspection Manager**. TISCOR will discontinue software and hardware support on all DOS and 16-bit versions of Inspection Manager.

End-of-Life Schedule

Announcement Date	July 11, 2005
Product	Inspection Manager
Version	DOS & 16-bit versions
End of Sale Date	Immediate
End of Life Date	Immediate
End of Software Support Date	Immediate
Upgrade Path	Inspection Manager, 32-bit
Version	6.7
Available Ship Date	Immediate

Customers are encouraged to migrate to the newest version of 32-bit Inspection Manager in order to take advantage of the new features. Contracts will be honored for those customers currently holding support contracts on End-of-Life versions of Inspection Manager. If upgrading, the remaining support contract will be transferred to the upgraded version.

For more information on upgrading, please contact your TISCOR Account Manager at 800.227.6379.

PRODUCT END OF LIFE NOTICE
