

## Product Marketing Bulletin

November 12, 2009

**Type of Notification:** Software End-of-Life-of Support

**Software Affected:** MediMizer version 11

### Overview

The purpose of this Product Marketing Bulletin is to communicate the End-of-Life and End-of-Support on the MediMizer version 11 software program.

### MediMizer Version 11

MediMizer version 11 will be EOL immediately, meaning that we will no longer sell the software. TISCOR is also ending support on the software. Technical support on the product will end on **December 31, 2009**. If upgrading, the remaining support contract will be transferred to the upgraded version. Please note that this EOL notice does not impact a customer's right or ability to use the software, it only applies to the availability of technical support for the product and devices associated with it.

### Upgrade Path

For those customers who choose to upgrade, MediMizer X3 works with a variety of hand-held devices. Due to the EOL on the software, it will be necessary to upgrade the hand-held devices, as well as, the software. Available devices:

CN2

MC9090

XM65

MC70

For more information on upgrading, please contact your TISCOR sales representative by phone at 800.227.6379 or by email at [tiscor\\_sales@tiscor.com](mailto:tiscor_sales@tiscor.com).
