

## Product Marketing Bulletin

November 17, 2010

**Type of Notification:** Device End-of-Sale

**Device Affected:** CS1504

**Software Affected:** PROTRAC Security

**CS1504**

### Overview

The purpose of this Product Marketing Bulletin is to communicate the End-of-Sale on the CS1504 bar code scanning device and accessories. As of December 31, 2010, the devices will no longer be offered for sale by TISCOR.

The devices can still be used with the PROTRAC Security software and **replacements can be purchased through alternative vendor sources**. Please note that this End-of-Sale notice does not impact your right or ability to use the software or devices, it only applies to the availability of devices from TISCOR.

**End-of-Sale Date: December 31, 2010**

### Device Support Still Available

Although TISCOR is no longer selling the device, we will continue to support registration of new devices.
